

Risking Resurrection: Joy of Being Human

What does it mean to risk resurrection in ordinary life? How do we embrace the fullness of our humanity—our joy, vulnerability, hope, and longing—as the very place where God meets us?

Dr. Kevin McClone will guide participants through key themes of psychospiritual transformation, exploring how growth, healing, and deeper self-knowledge open us to authentic joy. Resurrection is not simply a theological idea—it is a lived process of becoming more fully human and more deeply free.

Open to religious, associates, collaborators, and lay formators who seek to reflect, renew, and reconnect with the joy at the heart of their ministry.
